## ANOTHER BIG STRIKE OF GAS

BADGER OIL AND GAS CO'S WELL  
NOW PRODUCES FOUR MIL-  
LION FEET PER DAY.

Will Hold Present Well and Drill  
Another at Once—Great Inter-  
est Among Ada Citizens.

That Ada is in the midst of a gas field is now an established fact. Late Monday afternoon the drill in the Badger well, two miles west of the city penetrated a second stratum of gas sand at a depth of 1100 feet, and the well now produces about 4,000,000 feet per day, according to the estimate of Mr. McGranahan, superintendent in charge. In view of the possibility of some of the casing being blown out by the strong pressure, the well was plugged up and weighted down with the big drill. In spite of that the gas escapes to some extent and the whistling sound it makes can be heard for some distance from the well.

In view of the fact that this well is already a good producer, the company will not attempt to drill any deeper, but will hold it as it is and sink another some distance to the northwest, it being thought that the main field lies in that direction.

Mr. McGranahan estimates that only two or three more wells with the pressure of the one just brought in will be needed to supply every need of the city. "The well is worth \$100,000 to the city as it stands," he enthusiastically declared to the News reporter this morning.

With the present fine indications, it is now certain that if leases can be secured, other operators will soon be in the field and within the next six months a thorough exploration made of this section.

The strike has created a great deal of interest in Ada and has been the chief topic of conversation today. It will no doubt be the means of boosting real estate values far above the present level, and it will soon be in order to reach out after factories that are in search of cheap fuel and a good location.

## O. R. AKIN FINALLY ABANDONS FIGHT

MOVES TO DISMISS APPEAL TO  
SUPREME COURT—LAST CHAPTER OF A LONG STORY.

Oklahoma City, Sept. 10.—Representative Oliver H. Akin, of Moore, author of the initiated bill to do away with a large number of the educational institutions now maintained by the state, and consolidate them with other schools, has given up the fight for his bill and filed with the Supreme Court a motion to dismiss his appeal from the decisions of the secretary of state, ruling against the sufficiency of his initiative petitions. The court has not acted on the motion to dismiss.

## UNITED CHARITIES IN NEED OF ASSISTANCE

The News has been requested to state to the public that the United Charities is without funds and badly in need of contributions. This organization has done much good since its formation, and has relieved many cases of distress. Winter is now approaching and it will tax it to the utmost to care for the many cases that need relief. Therefore, the good people of Ada should rally to its support. It will cost no one much, but if all contribute a little the organization will have ample funds with which to continue its good work. Hand your contributions to W. B. Jones, treasurer.

## ARKANSAS ANTIS WIN VICTORY

PROHIBITION DEFEATED BY A  
SMALL MAJORITY AFTER  
HOT CAMPAIGN.

Little Rock, Ark., Sept. 10.—With clear weather yesterday over the entire state an unusually large vote was polled in the state election. Democrats and Republicans had complete tickets in the field and the Socialists entered a candidate for governor. Joe T. Robinson, congressman from the Sixth district, heads the Democratic ticket; A. I. Roland is the Republican nominee and G. E. Mikel the Socialist.

Counting the vote is slow work, because the ballots contain, in addition to the state ticket, two measures referred to the people by the General Assembly and three proposed constitutional amendments.

Interest centers in the State-wide

prohibition amendment. Early returns from several small towns indicate that the "wets" were slightly in the lead.

Many negroes flocked to the polls in an effort to defeat the grandfather clause, the passing of which would deny to many of them the privilege of the ballot.

Reports from many points indicate that because of the length of the ballot no effort will be made to tabulate the result until late today.

In those counties where there is a large negro population there will be a heavy vote of both Republicans and Democrats, but in the counties where there are few Republicans the Democratic vote will be light. The Democratic state ticket will be elected, but no estimate can be made of the majority it will receive.

## ADA PRAISED BY ARDMORE VETERANS

George H. Bruce, W. T. Sims, J. M. Lloyd and number of other gentlemen—all old Confederate soldiers—and Miss Stella Carter, sponsor of John H. Morgan Camp Confederate Veterans, and Misses Annie Turner and Italy Carter, maids of honor, returned Friday night from Ada, where they had been attending the Confederate reunion. Mrs. Walcott, who represented the Ardmore Daughters of the Confederacy, returned also.

All the old soldiers who were present are loud in their praises of the treatment received at the hands of the good people of Ada.

It is said that there was nothing in the town was too good for an old soldier during the reunion. All incom-

ing trains were met by autos and other conveyances and a Confederate veteran could not walk while there. As they arrived in the city each were given a meal ticket, and in eating, as in everything else, their money was counterfeit. Tables spread in the assembly room of the Normal school building were kept loaded with the choicest viands morning, noon and night. As fast as the stock seemed in danger of being depleted it would be replenished, so that there was no excuse for any one going hungry.

It is said that all the business buildings, as well as the residences were beautifully decorated—the stars and bars of the Confederacy being intertwined with the stars and stripes. —Ardmoreite.

If the Republicans are conducting much of a campaign for Taft, they are certainly employing gum shoe methods, for one sees very little about it in the papers. Evidently the leaders realize that the party is due for a sound licking and are resigned to their fate.

With Wilson's election the South will come into her own again. Until the Civil war the South had ruled the nation most of the time, and under its rule it grew and prospered. History has a way of repeating itself, and this will be just another instance of the kind.

Calamity howlers have existed since the creation, but in spite of their gloomy predictions the world has steadily advanced. We believe it is growing better all the time and that in centuries to come the ideal state of society will be realized. All great things are of slow growth, just as the giant trees of the forest require longer to attain their full stature. A weed may grow faster, but it does not last so long.

## GORE ELATED OVER DEMOCRATIC PROSPECTS

Mr. Byron Norrell, Ada, Okla.

My Dear Sir:  
I write to congratulate you upon the promising outlook for Democratic success in November. The Democracy is united from sea to sea—the Republicans are divided from ocean to ocean—with a just cause and a national ticket above criticism. Indications are that the Democratic ticket will win overwhelmingly.

We must, however, TAKE NOTHING FOR GRANTED. We must conduct a vigorous and unremitting campaign until the contest is finally closed and victory is secure.

To such a victory no one can contribute more than the Democratic press, and I write to assure you that the National Campaign Committee and the Bureau of Organization are relying upon your constant and effective efforts in behalf of a splendid triumph.

This year the doors of the Democratic party ought to stand wide open, and patriotic citizens, without regard to former political ties, ought to be urged to cast their influence with us and to become a part of the Democratic party.

I offered the following resolution at the meeting of the National Democratic Committee in Chicago on July 15th, which was unanimously adopted:

"We congratulate the country and the Democracy upon the exceptional prospects of Democratic success in November next. We rejoice that all Democrats everywhere are united and enthusiastic in support of the platform and the nominees of the party.

"We earnestly invite all voters, without reference to previous political faith or affiliation, who are in sympathy with such platform and nominees to unite permanently or cooperate temporarily with the Democratic party in this supreme struggle for the establishment of justice and equal rights as against favoritism and privilege.

"Resolved, That we gratefully acknowledge our profound appreciation of the courageous, disinterested and patriotic course of many Republicans and Independents, including number of most distinguished leaders and editors in declaring their intention to support the Democratic ticket in the pending presidential contest."

I offered a similar resolution to the Democratic State convention in Oklahoma City July 28th. It was unanimously adopted.

There are many patriotic Republicans in Oklahoma who agree with us in principle and who are disgusted with the situation now existing in their own party. Let us bid them thrice welcome.

Kindly send me lists of Republicans who are disposed to vote for Wilson, and publish this letter which will constitute a request for your readers to drop me cards containing the names and addresses of Republicans who are favorably disposed to Wilson and Marshall.

Thanking you in advance for this generous service, I beg you to believe me

Yours for united and victorious Democracy,  
T. P. GORE,  
Chairman Organization Bureau.

## OKLAHOMA INDIANS TO GREET BROTHERS FROM FAR EAST

Tulsa, Okla., Sept. 9.—Indian chiefs of the Five Civilized Tribes will mingle with East Indians from the far East in Tulsa for the first time, the week of September 16. The great Bi-Millennial Durbar that will occur then was founded on history and legend that brings East India, "The Land of Mystery," and Oklahoma, the home of the American Indian, together in legend and in fact.

Columbus, when he discovered America, thought he had found India, which he had originally started in search of, and when he saw the red men upon the shores of this country he promptly named them Indians.

At Delhi, India, there is staged every time a new king ascends to the

throne of England and the Emperorship of India, the Durbar, a gorgeous and brilliant fete. The Bi-Millennial Durbar which takes place annually in Tulsa is the only celebration of its kind in the world. It embodies features of the Oriental Durbar and represents industrial and social America, as well. It is a blending of the ancient and the modern, the Occidental and the Oriental, into five successive days of impressive ceremonies, riotous merry-making, pageants and modern fair and carnival attractions.

East Indian royalty has been invited to take part in this year's American Durbar, and many of the East Indian Princes are sending envoys to the affair.

If you have a want, use our want column. Results are sure.

## REPUBLICANS WIN MAINE ELECTION

Portland, Maine, Sept. 10.—Maine turned back to the Republican party in the state election yesterday, William T. Haines, of Waterville, being elected governor over Gov. Frederick W. Plaisted, his Democratic opponent, who sought a second term, while the Republicans regained one of the two congressional districts, lost to the Democrats two years ago.

The new legislature is expected to have a small Republican majority, although returns were not sufficient to show whether former Congressman Edwin C. Buleigh, Republican, or Senator Obediah Gardner, Democrat, will be chosen to the United States senate for the term beginning next March.

Returns for governor from 550 out of 634 election districts gave Haines, Republican, 66,121; Plaisted, Democrat, 62,127.

The corresponding vote for 1910 was:

Fernald, Republican, 60,556. Plaisted, Democrat, 67,501. These returns show a Republican gain of 9 per cent and a Democratic loss of 8 per cent. If the same percentage is maintained throughout the state, Haines' election is indicated by about 3,000 plurality, compared with 8,660 given Plaisted in 1910.

### Congressmen Elected.

The Congressmen elected are: First District, Asher C. Hinds, Republican.

## The Oldest Blood Disease

The most ancient history furnishes evidence that mankind suffered with Contagious Blood Poison. The disease has come down through all the ages and is to-day, as it has ever been, a scourge and blight upon humanity. The symptoms of Contagious Blood Poison are the same as in its earliest history, but its cure has now become an accomplished fact, whereas, it was once considered an incurable infection. S. S. S. is an antidote for the virus of Contagious Blood Poison, and cures it in all its forms and stages. S. S. S. possessing both purifying and tonic properties routs out all the poison, and at the same time builds up the general health. A person who has been cured of Contagious Blood Poison by the use of S. S. S. need not fear a return of its symptoms at any future time. This great medicine checks the progress of the poison and gradually but surely all sores and eruptions heal, ulcerated mouth and throat pass away, the hair stops falling out, copper-colored spots disappear, and when the blood is thoroughly purified no sign of the disease is left. Home Treatment book and any medical advice free.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Price 25c per bottle. Sold by the Ramsey Drug Co.

## NOTED TEXAS PIONEER DIES SUDDENLY

Mineral Wells, Texas, Sept. 10.—Judge A. W. Terrell, of Austin, author of the Terrell election law and ex-Minister to Turkey, dropped dead in his room at his hotel yesterday afternoon, and was found at 6:30, having been dead several hours.

He was out auto riding in the morning with Judge Swayne, of Fort Worth, K. K. Leggett and C. C. Comper, of Abilene, and Z. T. Fuller, of Austin. He was feeling well then and was unusually cheerful when they returned to the hotel at 11:30.

The body will be shipped to Austin via Fort Worth today.

Judge Terrell had just returned to Texas from Virginia, his native state, where he had visited his only living brother, Dr. John Terrell, and with other relatives and friends.

## A THOUGHT FOR THE DAY.

Physicists tell us that we live on the bed of the aerial ocean, whose invisible tides surge about us on every side, stirred by a multitude of causes. A change in the moisture of the atmosphere causes a change in the weather. The barometer is an instrument made use of to indicate that change.

So, too, we are living on the bed of a moral sea, whose invisible tides surge around us on every side. More restless than the sea its waves beat to and fro, stirred by a multitude of causes. Religion is the barometer which measures the weight of the moral atmosphere. When the barometer runs low, foul moral weather is sure to follow.

"If we walk in the light as He is in the light, we have fellowship with one another, and the blood of Jesus Christ, His Son, cleanseth us from all sin." CHAS. L. BROOKS.

#### NORMAL NEWS. By Hu Bilz.

The regular class work of the Nor-  
mal commenced today, all classes  
meeting and reciting as per schedule.  
This, in reality, is the first day of the  
Normal. The other schools of the  
state are only enrolling today while  
we are beginning regular work.

#### STOP THAT HEADACHE BEFORE IT STOPS YOU

Continued headache will get you if you don't get  
it. Headache is nature's distress signal—shows  
there's something wrong with you.  
**HICKS' CAPUDINE**  
cures headache—gets at the cause, whether heat,  
cold, grippe, nervousness; liquid, pleasant to take;  
quickly effective. 10c, 25c and 50c at druggists.

The enrollment of the regular Nor-  
mal classes is now about 175, not  
counting about 75 in the training  
school in that number.

Before the end of the week the en-  
rollment is expected to be over the  
200 mark.

Miss Ola Davis, of the senior class  
of this year, is expected from Kona-  
wa today.

The girls are talking basket ball  
some. All of last year's team are  
back, and if you remember rightly,  
they won the state championship in  
girls' basket ball, defeating all com-  
ers. They'll do it again this year,  
too. Wait and see!

The thud of the cleated shoe

against the pig-skin will be heard  
daily from now on from the athletic  
field and the "Scrub" and "Varsity"  
will soon begin their daily battles on  
the gridiron. For the first few days  
the squad will be punting, getting  
wind, falling on, etc., and other  
preliminary training exercises. In  
a few days regular signal practice  
will begin and real plays worked out.  
Roddie, F. Jones, H. Jones, V. Rol-  
low, A. Rollow, Brents, McKeown, of  
last year's team, are with us, while  
C. McMillan, of the team of 1910, and  
Scoby, formerly of Chickasha High,  
and many other good men are just  
aching to get into the scrimmage  
and follow the ball across the line.

The equipment of the various de-  
partments is greatly increased, espe-  
cially the manual training depart-  
ment, which has four new machines  
already installed, and several others  
ordered. The library has over two  
thousand new volumes, so that the  
students may do reference work as  
well as derive the benefit of having  
standard literature at their disposal  
for their entertainment.

Maine seems to have returned to  
the Republican ranks by the small  
plurality of 3,000 votes. However,  
the Democrats can get some comfort  
out of the fact that that is nothing  
like the big majorities that the Repub-  
licans have been rolling up for the  
past sixty years. The defeat of the  
Democrats may prove a valuable les-  
son, teaching the party the danger  
lurking under in over-confidence  
and the necessity of keeping up a gen-  
eral battle all along the line until the  
November election. At that time it  
will be possible to redeem Maine and  
give the country the opportunity of  
seeing Maine and Texas cast their  
electoral votes for the same ticket.

#### G. P. CARNEY WILL ERECT NEW BUILDING

G. P. Carney is having the old  
frame building between the Allen liv-  
ery stable and the Aldrich building  
torn away and on its site will erect  
two brick business houses, two sto-  
ries in height. This is the last frame  
building on the business part of  
Townsend with the exception of the  
Byrd hotel, making that a very desir-  
able part of the business section of  
Ada.

#### NOTICE, MASONS!

Owing to a conflict with the regu-  
lar meeting of the Eastern Star, the

#### NOTICE, W. C. T. U.!

The W. C. T. U. will meet Wednes-  
day afternoon at 4 o'clock with Mrs.  
R. O. Wheeler.

#### WILLIAM A. PEPPER SI YEARS OLD TODAY

William A. Pepper, who was a  
prominent figure in the United States  
senate from 1891 to 1897, was born  
in Cumberland County, Pennsylvania,  
Sept. 10, 1831. In his youth he was  
engaged in teaching school in winter  
and worked on a farm in the summer.  
Soon after his majority he decided to  
go west and try farming on his own  
account. He settled first in Indiana,  
removing a few years later to Mis-  
souri and from that state to Illinois.  
During the Civil war he served as  
private in an Illinois regiment. After  
the war he began the practice of law  
in Clarksville, Tenn., from which  
place he removed to Kansas, where  
he was destined to attain much polit-  
ical prominence. His public career  
began with his election to the Kan-  
sas senate in 1874. Later he joined  
the People's Party, which had be-  
come a dominant factor in Kansas  
politics, and was elected by that  
party to the United States senate in  
1891. He retired from the senate in  
1897 and the next year was an un-  
successful candidate for governor of  
Kansas on the Prohibition ticket. Of  
late years Senator Pepper has devoted  
himself to literary work.

#### HEAVY ENROLLMENT IN PUBLIC SCHOOLS

The enrolment of the Ada Public  
schools was the largest in its his-  
tory on opening day, the total num-  
ber being 838, divided as follows:  
High school, 401; Irving, 302; Wil-  
lard, 135.

#### UTILIZING HIS OWN BROOM CORN

B. Aldrich, who is perhaps the first  
man of this section to try raising  
broom corn on an extensive scale, is  
now making up his crop into brooms.  
His crop of ten acres turned out  
about three tons which will make  
about 250 dozen brooms. He is well  
satisfied with his first crop here.

#### ADA MILL NOW IN GOOD RUNNING ORDER

The Ada mill is now running full  
time and turning out a superior  
grade of flour and meal. Considera-  
ble new machinery was installed dur-  
ing the summer and the mill is now  
able to give better satisfaction than  
ever before. It is now under the  
management of M. E. Jones, late of  
Ozark, Arkansas, who arrived a few  
days ago and took charge.

#### FIRST NATIONAL BANK STILL AT THE FRONT

Attention is called to the statement  
of the First National Bank appearing  
in this issue of the News. It has in  
truth attained metropolitan size, its  
deposits now amounting to just a  
trifle under \$335,000, or better than  
a third of a million. Then, too, this  
bank has been generous with its  
loans through the dull season, the  
figures standing at \$262,000 at pres-  
ent. One evidence of the strong pro-  
gressive policy of this bank lies in  
the fact that it has always advertised  
liberally for business, and as a re-  
sult of this and the courteous treat-  
ment of its customers, it has secured  
what it went after.

#### W. O. W. TEAM OFF FOR MUSKOGEE

This morning the uniform rank  
companies of the Stratford and Ada  
W. O. W. camps left on a special car  
via the Frisco for Muskogee, where  
they will take part in the state en-  
campment of the order.

The Ardmore camp also passed  
through in a special car, which was  
profusely decorated with banners and  
flags.

#### DURBAR WILL BE BRILLIANT AFFAIR

Tulsa, Okla., Sept. 10.—Led by the  
beautiful queen of the Durbar, seated  
on the peacock throne of ancient Del-  
hi, escorted by East India potentates,  
royal personages and 600 Knights  
of the Durbar in historic costumes,  
followed by other cars, electric floats  
and gorgeous displays, the great pa-  
geant of the Durbar carnival (Septem-  
ber 17-21) will be the most brilliant  
spectacle seen in Oklahoma and will  
rival the famous Madri Gras proces-  
sion. This procession is to be held  
the second night.

No expense has been spared and ex-  
perts have been here several weeks  
promoting this carnival which is ex-  
pected to be without a peer in the  
southwest. Five days it will envelop  
the city and thousands of visitors are  
expected. Every day will have a spe-  
cial feature or parade and every at-  
traction practical for such an occa-  
sion is being prepared.

#### Former Mayor Faces Prison.

Bemidji, Minn., Sept. 10.—Dr. D. F.  
Dumas, the former mayor of Cass  
Lake, who is under conviction on a  
charge of arson, will be arraigned for  
sentence at the term of court which  
convened here today. It is expected  
the attorney of Dr. Dumas argue for  
a new trial. Should this plea fail,  
sentence will be pronounced and the  
former mayor will be taken to the  
Stillwater penitentiary.

The sentence of Dumas will end  
on of the most noted criminal cases  
with which the courts of Minnesota  
have had to deal in years. At the  
time of his arrest, a year ago last  
June, Dumas was mayor of Cass  
Lake, and was respected both as a  
physician and a public official. His  
arrest followed the confession of two  
alleged yeggmen who had been shot  
and captured while cracking a safe  
in the town of Puposki. According to  
the stories told by the yeggmen the  
physician-mayor was one of the ring  
leaders of a band of criminals that  
had carried on a state-wide campaign  
in arson and safe-breaking. Dumas  
was tried and convicted on a charge  
of arson.

The Ardmoreite, like most other  
democratic papers, threw open its col-  
umns for the Wilson-Marshall cam-  
paign contributions sometime ago,  
but to date only one man, Ed Byrd,  
has come across with a dollar. His  
name looks lonesome running day  
after day. Pontotoc county has done  
a little better, \$15 having been paid  
to the News. Of this amount \$10 has  
been sent to headquarters and as soon  
as another \$5 is paid in it will like-  
wise be sent to the treasurer of the  
national committee.

When you have an ache, stretchy  
feeling and you are dull, tired and  
discouraged it is a sign of approach-  
ing malaria or chills. You should  
act quickly to ward off an attack.  
HERBINE offers the help you need.  
It destroys the malarial germ, drives  
out all impurities and makes you feel  
bright, vigorous and cheerful. Price  
50c. Sold by the Ramsey Drug Co.

#### ADDITIONAL LOCALS.

Big Hearted Sim is an Imp picture  
with popular players in the lead. It's  
most excellent. The Widow's Claim  
is another that will interest you. See  
the exciting chase and pretty scenes.  
Other good numbers coming. At the  
DeSota Theatre.

Those who have read John Hay's  
Beautiful poem, "Jim Bludso," should  
see the great picture at the Majestic  
this evening. The burning of the  
steamer, Prairie Belle, is most thrill-  
ing. In addition to this will be Lub-  
in's society drama, "For the Love of  
a Girl."

The schools are already in good  
working order and the coming term  
bids fair to be the most successful on  
record. Supt. Robison and his able  
corps of teachers can be relied upon  
to do their part, and the community  
will give them the same loyal sup-  
port it has in the past.

It pays to advertise in the News.  
Yesterday Mr. Crow asked that the  
lost Confederate flag be advertised for.  
In less than an hour after the  
paper was off the press the Harris  
hotel phoned that some one had left  
the flag there and that it had been  
taken care of.

#### THE M & P BANK STATE. MENT A GOOD ONE

The M. & P. bank, whose existence  
measures but two years of time, still  
continues that steady growth which  
has marked every step of its career.  
Its present statement shows, that in  
spite of the close times of the sum-  
mer, this bank has gained \$20,000 in  
deposits since its statement of June  
14, the figures now standing \$151,090,  
or better than five times its capital.  
Few banks in Oklahoma can make a  
better showing of solid growth than  
the M. & P.
